

## Now Offering Aerial Lift Operator Training!

Aerial lift operator training is required by OSHA every 5 years. RentalMax now provides this training! Our Certified Lift Trainers will come to your site to train your operators on scissor lifts and boom lifts. We also offer training at our Joliet store.

For \$295 per person, we provide all of the necessary training materials and equipment. After completing the session, your operators will receive a Certified Operator cards showing their certification and OSHA compliance.

We also provide certification for your aerial lift equipment. This certification is required by OSHA every 13 months.

For information or to schedule a training session, contact Tim Kanive at our Joliet location at 815-726-2723 you can also email Tim at [tkanive@rentalmax.com](mailto:tkanive@rentalmax.com).

**Limited Time Offer: \$50 off per person for  
RentalMax charge account customers!**
